

Invitations

FOR ALL OCCASIONS

We can produce a wide selection of invitations for all occasions, whether for business, a social event or for a personal celebration.

This can be for a 'special' birthday celebration, engagement, wedding or anniversary. We have something for everyone! Quantities can be from as few as 25 invitations up to whatever number you require with matching envelopes, if required. Our quality invitations, printed in Gold, Silver or another coloured foil, if required, will add style and prestige to the occasion.

We can use any of the boards/cards previously listed plus gilt/silver edged cards, or indeed many other suitable types, such as parchment, embossed, pearlescent, textured boards including duplexed Colorplan board (2 x 270gsm coloured boards stuck together) all subject to availability. These can be supplied by the customer, subject to suitability for foil printing or obtained by us through our suppliers.

Invitations usually come either in 'book form' folding card, i.e. printed as portrait or landscape or as a single card or even as a gatefold card. Normally invitations are a finished A6 or A5 in size but can be any size to fit in with available envelopes.

The

majority of our invitations are printed 'from scratch' from customers individual instructions. So whether it's a formal or traditional design layout, or something more informal we can use the vast choice of typefaces available, along with suitable designs. As with other stationery, we can overprint 'foil' onto supplied pre-printed, litho or digital invitations, if this is required, whether this is in the form of a gold blocked logo or so other foiling perhaps a gold border for example.
