

Wedding Stationery

Looking for wedding stationery that is a bit different from the usual?

We can design and print from scratch bespoke wedding stationery that will be unique to YOU, created according to your instructions. We print, for the most part 'in-house' therefore minimising delays in production. This can be digital or litho printed with stunning foil print for added effect or completely foil printed if you require it. Generally Gold or Silver foil is the obvious choice, but there is a choice of other metallic foils suitable for use on wedding stationery.

- **Invitations**
- **Evening Invitations**
- **Order of Service**
- **Thank You Cards**
- **Save the Date Cards**
- **RSVP Cards**
- **Cake Boxes**
- **Favor Boxes**
- **Serviettes etc.**

For any design work please allow enough time for this to be created and approved, prior to printing. Ideally around 2 weeks for simple, basic design and up to 6 weeks for more complicated work.

ALL ARTWORK CREATED FROM CUSTOMERS INSTRUCTIONS MUST BE PAID FOR IN ADVANCE, PRIOR TO ANY PRINTING DONE. THIS APPLIES WHETHER THE ARTWORK IS USED OR NOT.

We can use a variety of boards including Conqueror, Colorplan or indeed any already mentioned on the website. Inserts can either be ink printed or foil printed according to your wishes.

NAPKINS / SERVIETTES

Printed serviettes can add a nice final touch to your special event. We can also supply foil printed serviettes in 2 sizes, small or large, 2-ply in a variety of colours, many typical for a wedding, such as white, pink and peach but also more bolder colours for other functions and celebrations. They can be foil printed generally in the corners with names, date and logo/image, if required. Whereas the larger serviette is traditionally used for dinners, the smaller serviette is useful for wrapping a piece of cake in. We have a number of 'in-house' typical wedding blocks which can be used to decorate serviettes.
