

# Promotional Products

We offer a range of foil printed promotional products.

These items are generally of leather, plastic and PVC.

They are excellent ways to advertise or promote your business at relatively low cost.

Invariably gold blocked but other foil colours can be used.

With the majority of products printed 'in-house' and not 'farmed out' to other companies in order to keep costs low and to give us and our customers greater choice.

Detailed descriptions and colours of the available products will be found on the PDF links on the PRODUCTS webpage.
